We are a family business in rural Essex and combine first class personal service with an excellent choice of equipment. We have spacious facilities in a specially converted barn. You are very welcome to come and view the equipment in our large showroom and chat about your requirements over a cup of coffee. Please telephone to make an appointment. We have easy access and there is a large car park.

We are offering standard and quality ranges of china, cutlery and glassware. Pictures of our range may be viewed on the internet. Everything is washed in a dishwasher or glass washer and is sparkling and clean. You will receive your order wrapped and packed in transport containers. We also have an extensive selection of linen and catering equipment. We are constantly extending our range so please ask if you require something that is not in the brochure - we may have it, or be able to get it for you.

We hope to make the organisation of your event as easy for you as possible so, if you wish, we will:

- deliver and collect your order
- lay the tables
- do the washing up - just remove any debris from the plates and pack everything back into containers

Details of delivery charges and washing up in 'Hire Charges'.  
Charges for the other services on application.

If we can be of any further help please don't hesitate to contact us. We can be contacted by telephone between 9am - 9pm seven days a week. If we are unable to take your call please leave a message and we will respond as quickly as we can - usually within a few hours.
